Subject: Desperate Need for LA City Weekly Street Sweeping - Glenoaks Blvd.

Councilwoman Monica Rodriguez,

We, your constituents in CD7 in Pacoima, are requesting that you implement an order to LA City Bureau of Street Services to have Weekly LA Street Sweeping Service for the blocks of Glenoaks Blvd., between Osborne Street and Branford St. ASAP. Those blocks of Glenoaks Blvd. are neglected (regular illegal dumping of unsanitary trash, loose debris, and bulky items, with dirt and trash buildup in the street below street curbs). We have a large complex of Townhomes and a large Mobile Home Park along those blocks of Glenoaks, and we residents have grave concerns about the homeless encampment of RVs, trailers, cars and even 18-wheeler big rig trucks, which park for long periods of time, dumping all kinds of unsafe and unclean/unsanitary items on the dirt walk area and in the street. There is also concern by pedestrians who have to walk pass the parked opened and overloaded RVs, huge commercial trucks, and vehicles with "all covered-up windows", not knowing or being able to see who, or if anyone is inside of them. VERY SCARY situation!! Residents, some with small children, have to stand at the City Bus Stop, in front of the Hansen Dam Golf Course fence, are concerned about their health, safety and welfare also.

Homeless individuals must be forced by LAPD to follow "LA City Parking Laws", just as all other citizens. It is our request that you contact the LAPD officers assigned to our area, and ask that they monitor the area to help clean it up and to keep it safe. LA City Government and the State of CA must come up with more feasible solutions for dealing with the homeless, without destroying our communities and devaluing private property in our city of Pacoima, just as in the other communities in CD7. We have taken photos of the area, and a some of them are attached for your viewing.

As our Councilperson for CD7, we anticipate hearing from you with long-term solutions to the problems described above. Will we hear from you soon regarding our concerns?
